Swim lessons help children and adults learn basic water skills, improve swimming skills, practice water safety and learn water rescue skills. Of course, we have fun in the process!

These thirty-minute private swim lessons allow the participant to work at a personalized level to achieve swim goals. Private swim lessons are a good way to help swimmers focus on a particular swim skill, or to help overcome a fear of the water.

This program is a one-on-one swim instruction tailored to fit your individual needs and goals.

- Private lessons are great for beginners
- Improve stroke techniques
