

Dear Parents,

Thank you for choosing the Lakota Family YMCA Before and After School Child Care!

Our program is an active child care that serves students that attend Lakota Early Childhood and Elementary Schools grade K-6. We want to provide the best care for your students, by implementing a safe, fun, and educational environment while students are in our care.

Our philosophy is to meet the developmental needs of school age children by serving families in need for quality care before and after school hours. Our goal is to not duplicate, but compliment the school by creating a warm home setting with intellectual stimulation that supports school age children's emotional, social, cognitive, and physical developmental needs.

We are excited to have your students join us 2021/2022 school year; we know it is going to be a great school year! If you have any questions or concerns please feel free to reach out to our School Age Child Care Director or to the staff at your site.

Yours in Mission,

Brittani Harding

School Age Child Care Director
